## 2. MACHINE SPECIFICATION

### 2.1 Machine Specification

Machine description		Double surface planer
Machine model		SM263ph
Working width		25-630mm
Working thickness		10-170mm
Min working length		265mm
Max chip removal	top spindle	8mm (width <200mm)
	down spindle	5mm (width <200mm)
Feed speed (inverter controlling)		4-30m/min
Spindle speed		4500r/min
Tool cutting circle		101mm
Cutting speed		24.3m/s
Motor power	top spindle	11kw
	down spindle	7.5kw
	feeding motor	4kw
	elevation motor	0.37kw
Machine dimension		2480×1300 ×1950mm
Machine weight		2700kg
Packing dimension		2530×1400×2020mm
Packing weight		2800kg
