Actual appearance may vary from that shown above.

Component Dimensions

Nominal dimensions shown. Dimensions subject to slight variations in manufacturing.

Note: The Telescoping Stand is compatible with a number of different dust collection systems and the overall height will vary based on each configuration. Please see the Telescoping Stand Instruction Sheet (ZBT282321) for additional dimensions.

Single Drum Dimensions

Nominal dimensions shown. Dimensions subject to slight variations in manufacturing.

Note: The Telescoping Stand is compatible with a number of different dust collection systems and the overall height will vary based on each configuration. You are not limited to Stand Position 1 but it is the recommended configuration for the Single Drum. Please see the Telescoping Stand Instruction Sheet (ZBT282321) for additional dimensions.

Stand shown in Position 1
