Quotation valid for 30 days except in the event of previously announced pricing update. In the event of announced price updates, revised pricing applies on the published effective date.

Approval of parts list is the responsibility of the customer. Nordfab is not responsible for any additional items resulting from design changes or lack of information in the field. Additional items needed to finish the project will be charged to the customer. Please verify your shipment is complete and undamaged. This means that it is your responsibility to ensure that the materials you receive do not have freight damage and that the carrier has delivered all boxes in your shipment. If you find damage, either refuse the shipment or note the issue on the receipt you sign. Unless you do this, any claims will be virtually impossible to collect. For further information, see Conditions of Sale, and Installation Tips located in our catalog and on our website.
